The contracted price includes all services listed below. Specific to EVSR rentals: any physical damage to the motors, controllers, battery pack and wiring is NOT covered in the contracted price.

- **Preparation and Delivery:** Racecar will be delivered to the contracted event in race ready condition.
- **At Event Service:** Standard track services include all fluids monitored, suspension, tires, and general upkeep during the day. Assisting the driver in and out of the car and general courtesy extended to all team cars and participants.

Extra Cost Services

- **Complete Write-Off of a Rented Vehicle:** At the sole discretion of Entropy Racing, an extensively damaged racecar may be declared "totaled". This means it has been deemed non-repairable and the total value of the car will be assessed as the damage to be paid. Entropy Racing will endeavor to, but is not obliged, to reduce this cost by recovering parts from the damaged vehicle and credited the renter's damage bill. The total value of an Entropy Sports Racer (ESR) is \$12,000.00. The total value of an Electric Vehicle Sports Racer (EVSR) is \$75,000.00.

Cancellation Policy

Booked events that are canceled by the renter are subject to a cancellation fee of 50% of the total fees due if notice is given three or more weeks prior to the first day of the event. If notice of a cancellation is received between 10 and 20 days prior to the first day of the event, 75% of the total fees are due. If the renter cancels the event less than 10 days prior to the first day of the event, the entire fee (100%) is due.

In the event that an event is canceled by the sanctioning body, track, or is due to weather or other circumstances beyond anyone's control, Entropy Racing will refund all monies if this were to occur 48 hours or more, prior to the first day of the event.

Should an events be canceled with less than 48 hours prior to the first day of the event, Entropy Racing will retain 25% of the fees due to offset preparation and/or travel expenses.

Disclaimers

While every reasonable effort will be made to prepare a successful and safe racecar, there can be no guarantee that any racecar will finish a race or a session. The failure of the racecar to perform properly, in no way entitles the customer to a refund once he or she has put a wheel on the racing surface. Entropy Racing is entitled to its full fee, regardless of circumstance.

Due to the hazardous nature of motorsports, Entropy Racing, its agents, employees, workers, sponsors or associates assume no liability for personal injury or death resulting from the rental of one of its racecars, or for any service provided by Entropy Racing.

Entropy Racing's liability resulting from its failure to provide racecars for the scheduled event is limited to a full refund for any monies paid for that event.

Important Note: Subsequent rentals from Entropy Racing are subject to all terms and conditions of this contract unless a more recent contract is signed and dated by both Entropy Racing and the renter. This statement details the fact that any future rentals are bound by this agreement, attached disclaimers, and waivers until such time as a new contract is drawn and signed by all parties.

I have read, understood, and agreed to all of the terms of the contract.
